# Meet The Founders

---

- ❖ Mrs. Kos Lugakingira, wife of Dr. Mulokozi Lugakingira, is very passionate to the cause that her husband introduced to her over 10 years ago.
- ❖ Since her first visit to the Katale Village, Kos embraced Mulokozi's vision to provide the opportunity of education and healthcare in the Kagera region, Tanzania.
- ❖ Together with Kagera Advancement Inc.'s (KAI) Board of Directors and local leaders at the region, they have surpassed the dreams of many children and adults in the village.

# Mission

---

- ❖ The current mission of Kagera Advancement Inc. (KAI) is to build an entirely new health center with both medical and dental services capabilities.
- ❖ KAI is striving to sustain and enhance the education of children at the Katale Secondary School.
- ❖ Improve the educational environment in one local school locally in Fort Wayne, Indiana every year.

# Healthcare Vision

---

- ❖ Our vision is to execute a minimum of one mission trip per year, for at least one week, with services provided by doctor volunteers and other healthcare professionals from the United States.
- ❖ Local Tanzanian healthcare providers will be invited to participate.

# Katale Secondary School

---

- ❖ Pictured on the right, is a brand new library, as well as the new physics laboratory.
- ❖ The school has four computers, and a printer / scanner.
- ❖ Our immediate goal is to obtain funding to provide internet access and more computers.

Students were eager to use the new computers in the library. Most students will need formal basic computer training which the district education officer, Mr. Lucas Mzungu, promised to fulfill by assigning a new IT teacher at the school by August 2018

Kagera rural district education officer Mr. Lucas Mzungu, Dr. & Mrs. Lugakingira, school principal, local leaders, teachers, and student representatives at Katale Secondary School, pose for a group picture, in August 2018.

## Soccer & Netball Uniforms for the Children

Dr. Lugakingira & Kos promised the children uniforms for their sports school teams in exchange for academic excellence. The children's performance improved and they hand delivered the uniforms as promised.

# Expanded Reach

---

- ❖ Over the summer of 2018 Board Members Nkonye Mwalilu and Stephen Mwalilu expanded our reach in Tanzania!
- ❖ KAI provided contributions of books and supplies to students of Ng'wabuyi Primary School in Nyanguge village, in Mwanza region, Tanzania.

# Looking Ahead

---

# Katare Dispensary

---

- ❖ Though we have been able to rebuild parts of the dispensary the surgical ward is currently beyond repair. The amount of resources needed to repair the dispensary exceed the cost of rebuilding.
- ❖ The goal now is to build a completely new “Health Center,” with inpatient wards and outpatient capabilities. It will house a minor surgical theatre, mortuary, and staff housing. It will have medical and dental services as well.
